

Prop 28 Arts and Music in Schools

Arts and Music in Schools, part of Prop 28, designates one percent of the K-12 portion of California's Proposition 98 funding guarantee to school districts, excluding funds for the AMS education program from the previous fiscal year.

The AMS Annual Report, mandated by the California Department of Education (CDE), is a vital document that showcases the impact, accomplishments, and obstacles encountered in our charter school's arts and music initiatives throughout the previous academic year. This report not only presents a comprehensive summary but also emphasizes the significance of these programs in fostering well-rounded students.

The main aim is to communicate with educational partners regarding the current status and advancements in arts and music education within Elite Academic Academy. It functions as a tool for openness, responsibility, and introspection, illustrating our dedication to delivering a comprehensive education that incorporates creative and expressive fields.
